

# The Rain: Rebirth (The Jake Pendragon Chronicles) (Volume 1)

What do you do when you lose what you love the most? What do you do when every breath is agony? Jake Pendragon has lost the love of his life. Desperate for a fresh start, he moves to Longbrooke - a small British coastal town. The people are friendly, the town is quaint and Jake finally feels as if he could start anew. Then The Rain falls - an ancient weapon that only Jake can manipulate and Jake is thrust into a world where Myth and Legend are reality and his bloodline the only possible saviour of mankind. The rebirth of The Rain is a beacon to all that is sinister and as Jake meets his first challenge, he must quickly learn to master the weapon inside him or risk losing his new found friends. Will he succeed before its too late or will the deadly threat accomplish its lethal goal? What do you do when your actions determine the fate of those nearest and dearest? What do you do when there is nothing on the horizon but uncertainty? You lift up your chin and you fight back with everything youve got and hope - no, pray - for the best. If all else fails, sic your dragon on the bad guys.
