

Paramedics! Test yourself in Anatomy and Physiology

This book is set out in a logical and progressive style allowing students to access required chapters with ease. The test yourself questions allow for a number of different learning styles and will prove an invaluable aid for both learning and revision for paramedic students. Mark Millins, Senior Lecturer Paramedic Science, Teesside University, UK I found this to be a highly beneficial and interesting resource to test my own knowledge of the basics and the underlying anatomy and physiology of body systems. I would recommend this text to all student Paramedics whilst in the learning phase. Gemma Chapman, Student Paramedic, Brighton University, UK. Paramedics! Test yourself in Anatomy and Physiology is the essential self-test resource to help paramedics revise and excel in their anatomy and physiology modules and exams. Crammed full of over 400 questions, this unique book also includes fully explained answers and explanations to help consolidate learning as you test yourself using: Anatomy artwork Multiple choice questions True or false questions Fill in the blank questions Labelling exercises An extensive glossary explains all the key terms Each main body system has its own chapter, so you can get in depth practice for your exams. Body systems covered include: Integumentary system Nervous system and special senses Cardiovascular system Digestive system Immune and lymphatic systems Musculoskeletal system Endocrine system Respiratory system Urinary system Reproductive systems
